has had

Functional Safety Management

evaluated and meets the requirements of the standard(s)

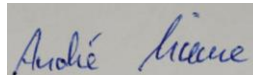

ISO 26262-2:2018; ISO 26262-3:2018; ISO 26262-4:2018; ISO 26262-5:2018; ISO 26262-6:2018; ISO 26262-8:2018; ISO 26262-7:2018; ISO 26262-9:2018

General Conditions and Notes

- 1) This certificate (in accordance with UL's Functional Safety Certificate Scheme) does not imply that UL has issued product-marking based safety certification (such as Listing, Recognition, or Classification) nor will the referenced report authorize the use of product safety certification marks or other references to UL on these products.
- 2) This certificate only covers the process version that is listed in the report reference. Any changes applied to the certified process are not covered by this Certificate.
- 3) This Certificate is subject to two surveillance audits within the validity period.

Certification Program Owner:

André Thieme

Any information and documentation involving UL Functional Safety Certificate services are provided on behalf of UL LLC (UL) or any authorized licensee of UL.

This certificate and its schedules can only be reproduced in its entirety and without change.
